

## Clinical Treatment Director

If you are an LPCC, LICDC-CS, LISW, FlyingHIGH, Inc. is seeking a Clinical Counselor to serve as the treatment manager for our SUD program. Offering a unique blend of holistic and traditional approaches to treatment, you will interact with other clinicians, as well as our Medical Director and Naturopathic doctor. We offer traditional outpatient SUD services in conjunction with the Nutrition Assisted Treatment, Medically Assisted Treatment Tapering Program and the opportunity to coordinate client services with our Professional Development Center Case Managers, Instructors and Job Developer on opportunities for clients in employment or vocational training.

Primary Responsibilities include:

- Collaborate with team members to enhance, expand and implement holistic and traditional programs.
- Assist with compliance of all SUD program policies and procedures according to agency, state, federal, and OHMHAS standards
- Provide supervision to staff
- Maintain documentation, client files and statistics as required by agency policy and funding sources
- Manage client outcomes and analyze data to monitor trends which guide decisions in the provision of services
